

DEGEN DOCTOR WHITEPAPER

Meet Degen Doctor Elephant Sam and his memecoin \$DGNDR, who will be giving advice to Degen Investors.

ABOUT DEGEN DOCTOR

What is a Degen in Crypto?

"Degen" is a shorthand term used in the world of cryptocurrency to describe traders who engage in risky, speculative behavior without conducting proper research and due diligence.

Who is Degen?

They are referred to as those who do not pay attention to metrics, tokenomics, fundamental analysis, or technical analysis, and may make buying decisions based on superficial factors like an asset's logo or a catchy slogan.

What is the mission of Degen Doctor?

The Degen Doctor's mission is to give the right investment advice to the Degens and to help the Degens who have lost all their assets.

What is \$DGNDR?

\$DGNDR Token is memecoin belonging to the Degen Doctor community.
